## Fishing & Guard Vessels

### **Fishing Vessels Berthing**

Any Fishing vessel entering the harbour will be charged on **Table 2**.

For regular landing vessels the harbour operates a Composition Charge: -

Composition is 10 chargeable landings per annum (1 November to 31 October) whereby vessels will be charged on **Table 1**. Once composition is reached (ie have reached the amount dependent on the size of their vessel for 10 weeks harbour dues) there will be no further berthing charges on each landing

Vessels which have berthed in the harbour and have not reached the composition level when landing their whole catch will be charged the first week at **Table 1** until composition level is reached and **Table 2** at all other times.

The undernoted charges Table 2 are applicable to full time fishing vessels solely engaged in the act of fishing and full time fishing vessels who periodically engage in Guard Duty. For clarity, dedicated Guard Vessels who choose to retain their fishing number will not be classed as a full time fishing vessel.
